Break Your Language Barrier

 The 21st century is the most connected era in history. Around the world millions of people use English as the principal form of communication. On social media sites, on Facebook, in daily news, for business and for sport - English connects people to friends, family, the workplace and other cultures.

Over 47 years Concorde International has helped thousands of students succeed in improving their English. English is an essential core skill which everyone needs in order to achieve their goals and progress their careers.

At Concorde International we have a range of courses to suit your needs and your level of English. We are committed to helping you succeed as we recognise that this is an important investment of your time for your future.

Whether you choose a short-term or a long-term course, - nothing can replace the face-to-face sessions in a small group dynamic, or with individual tutorials.

We are here to assist you at every stage, from your arrival at one of England's busy airports, to providing accommodation in warm friendly homestays or, for those who want more independence, in our student self-catering residence.

This historic, famous city of Canterbury with its world-class heritage, culture and festivals offers a great opportunity to immerse yourself in a very English corner of England, to be in a safe environment, which is very easy to get around on foot, and with 3 universities and over 40,000 students - there is always something to see and do - it is quite rightly called 'a city for all seasons'!

I look forward to welcoming you here in Canterbury!
